## PROJECTS

### PORTFOLIO

HTML CSS BOOTSTRAP

One page website with navigation bar and About, Skills, Portfolio and Contact sections. Bootstrap for components and responsiveness.

### GEOQUIZ

HTML CSS JAVASCRIPT BOOTSTRAP

One page website with navigation bar and About, How to play and Quiz sections. The biggest challenge I've experienced was targeting if the answer is correct or not.

### SNEAKERS

REACT.JS BOOTSTRAP

One page with navigation bar with cart and avatar, Lightbox gallery, description, buttons for number of orders and add to the cart button. Experienced challenges — opening the Lightbox on click on the large image and direct the data from the number of orders to the badge of the cart in navigation bar on click on add to cart button.
